## **WORKSHEET: Room Names & Location Details**

This worksheet is designed to help you list details of the rooms in your clinic of hospital. This is used for the emr<sup>XL</sup> Patient & Provider Locator, allowing users to find the current location of patients. **Please consider only the areas in your facility where providers interact with patients and use emr<sup>XL</sup>** (example: Reception, Exam Rooms, Treatment Rooms, Pharmacy, Psychosocial Support, etc) After completing this worksheet and making sure to consider all patient interaction areas, submit the information from this list to the online Drug Categorization Form that is found on the emr<sup>XL</sup> Launch Team Resources Website.

Room Name	Room ID (ontional)	Phone Number or Extension
Room Name	Room is (optional)	Thore Number of Extension
